ALL PROCEEDS RAISED WILL BE USED TO PROMOTE ACCESS TO NEW LIFE-CHANGING MEDICATION FOR THE TREATMENT OF CYSTIC FIBROSIS (SEE DETAILS AT BOTTOM OF PAGE)

CYSTIC FIBROSIS GOLF CHALLENGE

RANDPARK GOLF CLUB : TUESDAY 1st NOVEMBER 2022

It's tee-off time again and you are invited to take part in our Golf Day! This event is our flag-ship fund raiser and offers golfers and sponsors a day to socialise and support a worthy cause. The **format** of play will be **better ball stableford** (2 teams in a fourball, best score of each team counts).

The first tee-off will be at 11h00 and the last tee-off at 13h00, and the evening function starts at around 18h00.

There are a few things to be noted:-

- The **entry fee** is all inclusive **except for** caddie's fees/cart hire and halfway house.
- **Golf carts** may be booked directly with the club by phoning 011 215 8600.
- **Maximum handicap of 18** for those players not in possession of an official handicap.
- Sponsors may place an **A-Frame or pop-up banner** at the holes they are sponsoring. Please note that **sponsors will be responsible for removal of their banner**.
- Mulligan's (**maximum two per player**) and raffle tickets will be sold on the day.
- In order to secure your booking, it is required that you pay the full amount before Wednesday 26th October. Banking details are:

SA Cystic Fibrosis Association : FNB 51440060071 (Branch : Bracken City, Code 252242)

Please refer to the attached form for the entry fee and suggested sponsorship amounts. Due to the high demand to participate in this event, it is suggested that you book your four ball as soon as possible by contacting:

ANITA TRAVERS
ALAN DUNN

011 793 6711 (W)

083 280 5459

This year we are playing on the **Firethorn course**, and look forward to seeing there!

Regards

Alan Dunn
Chairman (Central Region)

** Cystic Fibrosis is one of the most common inherited disorders. It affects mainly the lungs and digestive system, but may affect several other organs. Public awareness of the disorder is poor in South Africa and as a result it is believed to be under-diagnosed across all race groups. The Cystic Fibrosis Association aims to promote awareness/diagnosis, give affected families psychological support and ensure that all patients receive proper treatment. **There is an initiative to promote access to new life-changing medication for the treatment of Cystic Fibrosis. Trikafta (generic version Trixacar) is not directly available in South Africa due to registration and patent issues, and is also not affordable. Funds raised will be used to cover legal and administrative costs to create access to this drug at an affordable price.**

We thank you for your Support – Help us breathe!!
